

Happy 2019

We must all unite for we are one creation We must join the tight, together we are strong We must do what's right in every situation Love each other's lives as you would do your own Just think twice Before you cast your stone at someone's soul It's their life So the choice is theirs and theirs alone We're not here to judge We are here to love There's no room for hate We are just one human race We must rise above We are here to love There's no time to waste anymore We must all unite, there's no more segregation When you've seen the light there's nowhere else to go And with peace in sight no walls could separate us We would be as one because this earth's our home Just think twice Before you cast your stone at someone's soul It's their life So the choice is theirs and theirs alone We're not here to judge We are here to love There's no room to hate We are just one human race We must rise above We are here to love There's no time to waste anymore Will we learn from our past ? Our clock is running fast.
